

Dear Valued Vendors,

As we strive to improve our payment processes through technological enhancement, we have changed our automated payment system, allowing us to reduce the time required to pay our invoices.

We are thrilled to announce that **SB Clinical Practice Management Plan, Inc. ("CPMP")** has entered into an agreement with Finexio to assist us in managing our vendor invoices and facilitating payments to our vendors. As such, CPMP hereby authorizes to share our invoices and account information on file with Finexio employees and representatives to affect this purpose.

**Vendors that pay via ACH today, nothing will change, but Finexio will now be the provider of remittance information and payment of CPMP invoices.**

Going forward, we will look to continue to move vendors to Virtual Card as the method of payment. This change will give us the flexibility to make payments faster, more securely and eliminate the use of paper checks.

We are implementing a Payments Program which will optimize the payments process for our respective organizations. We have partnered with Finexio, experts in commercial payment execution, and this program will deliver payments using a Finexio virtual card that you will process using your existing card payment solution.

The benefits of the Finexio program include:

- **Faster Settlement:** Virtual cards are issued quickly, are delivered on the same day, and typically settle without delay - you get access to your funds sooner.
- **Easier Reconciliation:** Each payment includes detailed remittance advice tying back to specific invoices or work orders - less time spent reconciling or tracking down payments and lost checks.
- **Improved Security:** Finexio virtual cards are single-use cards which carry a number of enhanced security measures ensuring they may only be processed by the appropriate payee.
- **Better Information:** Complementary 24/7 access to the Finexio Payee Portal where you can access all of your payment information.

Even if you don't currently accept payment via cards, Finexio will explain the various options available to you in order to get up and running.

We are excited about this initiative and want to thank you in advance for your cooperation. We look forward to continued success in our partnership.

Sincerely,

**Ron Lettieri**
